

Morden Players Matters

November 2013

The Scourge from Sludgepool

Thank you to everyone on stage and behind the scenes who helped to bring Pauline Radley's new comedy melodrama to life last month. It was a huge success with good audiences each night. There was plenty of booing and heckling at the baddies and cheers for the goodies. Love won through in the end as I am sure we all knew it would! Special thanks to Director, Jerry Lancaster, for bringing together such an entertaining production.

Auditions have taken place and casting has been done with rehearsals starting in early December. The technical team is almost complete but we do still need help with costumes, props, promotion and front of house. If you would like to be involved, please contact Sarah at
